

CATALYST GRADUATE CONFERENCE

26th - 28th June, Forest Lakes, Otaki

The Catalyst Conference is for graduates who want to keep the gospel at the heart of their work, whether they are in the marketplace, doing postgraduate study, or serving as academics.

We'll be studying the book of Daniel, and learning lessons about following Jesus in the company of friends, in the workplace and in our daily lives. The plenary sessions will be integrated with specific tracks for graduates in the marketplace, postgraduates and academics. These tracks will be led by some of New Zealand's key contributors on these subjects including:

Professor Peter Thirkell; Professor Jonathan Boston; Dr Bev Norsworthy; Nigel Pollock; Aled Griffiths & Wayne Kirkland & many more!
